PROFESSIONAL SUMMARY

Computer Science undergraduate (2026) with hands-on experience in Java, Python, Spring Boot, SQL, REST APIs, and DevOps tools. Skilled in web application development, debugging, database management, and problem-solving, with experience working in a product development environment.

SKILLS

Programming Languages: Java, Python, SQL, C

Frameworks & Libraries: Spring Boot, React.js, Express.js, Thymeleaf

Web Technologies: HTML, CSS, REST APIs

Databases: MySQL

Tools & DevOps: Git, GitHub, Jenkins, Docker, CI/CD

EXPERIENCE

Software Developer Intern

June 2026 – August 2026

Asan Innovators — Product Team

- Collaborating with the product team to develop, test, debug, and improve software features based on business requirements and technical specifications.
- Contributing to AI-powered application workflows, REST API integrations, feature implementation, and troubleshooting within an iterative software development environment.

PROJECTS

Bus Ticket Booking System | Python, DevOps

- Developed a Django-based web application to manage bus schedules, seat availability, ticket reservations, and booking workflows.
- Implemented CI/CD pipelines using Git and Jenkins and containerized the application with Docker to enable consistent and automated deployments.
- **Tech Stack:** Python, Django, Git, Jenkins, Docker, HTML, CSS

Song Recommendation Chatbot | Python

- Developed a Python-based chatbot that processes user input and recommends songs based on user preferences and mood.
- Integrated an external API to retrieve song information and implemented input validation, response handling, and error handling for reliable application functionality.
- **Tech Stack:** Python, REST API, HTML, CSS

Scholarship Hub | Java

- Developed a scholarship management application using Spring Boot to manage scholarship information, student applications, and application tracking workflows.
- Integrated MySQL for persistent data management and Thymeleaf to build dynamic server-side web interfaces for user interaction.
- **Tech Stack:** Java, Spring Boot, Thymeleaf, MySQL

EDUCATION

KL University

2022 – 2026

B.Tech in Computer Science and Engineering

GPA: 8.3

Narayana Junior College

2020 – 2022

Intermediate (MPC)

GPA: 7.6

Bhashyam High School

2019 – 2020

SSC

GPA: 9.8

CERTIFICATIONS

Automation Anywhere Certified Essential RPA Professional

Automation Anywhere

AWS Certified Developer – Associate

Amazon Web Services
