PROFESSIONAL SUMMARY

Computer Science undergraduate (2026) with strong fundamentals in programming, problem-solving. Familiar with Java, Python, and database systems. Interested in applying technical knowledge in real-world engineering environments by contributing to practical solutions and continuously learning new technologies.

SKILLS

Programming Languages: Java, Python
Frameworks: Spring Boot
Web Technologies: React.js, HTML, CSS
Databases: MySQL, MongoDB
Tools: Jenkins, Docker, Git
Soft Skills: Problem-Solving, Adaptability, Teamwork

PROJECTS

Scholarship Hub | Java Spring Boot

- Developed a scholarship management system to handle student applications and tracking.
- Built backend functionality using Spring Boot and connected it with MySQL for data storage.
- Used Thymeleaf to render dynamic web pages for user interaction.
- Tested application features and fixed issues to improve overall functionality.
- **Tech Stack:** Java, Spring Boot, Thymeleaf, MySQL

Bus Ticket Booking System | Python and DevOps

- Developed booking logic to manage seat availability and ticket reservations.
- Used Git for version control and Jenkins for basic CI/CD workflow setup.
- Containerized the application using Docker for consistent deployment.
- Tested application flow and resolved issues to ensure smooth booking operations.
- **Tech Stack:** Python, Git, Jenkins, Docker

Exam Seating Plan Auto Generation System | Python Full Stack

- Developed logic to assign seats based on predefined rules and constraints.
- Built frontend components using React.js and connected them with backend logic.
- Stored and managed data using MongoDB Atlas.
- Tested outputs to ensure correct seat allocation and data handling.
- **Tech Stack:** Python, MongoDB Atlas, React.js, HTML, CSS

Song Recommendation Chat Bot | Python

- Developed chatbot logic to suggest songs based on user input.
- Integrated external API to fetch song details and recommendations.
- Used basic frontend components to display results to users.
- Tested responses and handled simple input errors.
- **Tech Stack:** Python, API, HTML, CSS

EDUCATION

KL University

B.Tech in Computer Science and Engineering

Aug 2022 – May 2026

GPA: 8.4

Narayana Junior College

Intermediate (MPC)

Aug 2020 – Apr 2022

GPA: 7.6

Bhashyam High School

SSC

Jul 2019 – Mar 2020

GPA: 9.8

CERTIFICATIONS

AWS Certified Developer – Associate

Amazon Web Services
